## COMPANY PROFILE

### PT. TELINDO TEHNIK UTAMA

The company has vast network of professionals.

We offer Industrial Supplies product

In all circumstances, we specialized to solving the industries problem with supported by our highly skilled and trained sales engineers to provide industrial supplies.

Our company will always be a good partner, extensive knowledge, helpful, and efficient.

We know the importance to provide help to our client in finding the right products or equipments at a sensible price.

PT. TELINDO TEHNIK UTAMA has met all legal requirements and is certified to provide the various services.

**“ Quality,  
Service,  
Trust  
& Value. ”**

## VISION

To be the premier partner of choice by providing the most cost effective, efficient and reliable industries supplies

## MISSION

Quality at the most cost-effective price is the supreme core value of PT. TELINDO TEHNIK UTAMA.

Enhance partnerships through collaboration with various clients in the industrial sector.

## Our Products are widely distributed in the following industries :

Foods & beverages, Oil & gasses refineries, Cement plants, Pharmaceuticals,  
Power & sewerage plants, Refineries & petrochemicals,  
Glasses & plastics manufactures, Pulp & paper mills, Mining quarrying & drilling,  
Synthetic fiber and textile manufacturers, Steel & rolling mills, Other mills

Kindly contact us as the following address and phone number for any of your inquiries.

We can assure you of our prompt attention.

# PRODUCT CATALOGUE

Our products are often customized for many users. The number of model variants in 60 series of products number in the thousands. While wide-range, low volume production is our key strength, we have an annual production capability of over 600,000 units, among the highest in the world.

High production capacity despite having a wide array of products to meet the diverse needs of customers is one of the reasons Iwaki is known as one of the world's leading manufacturers.

SCHAEFFLER

With a product range consisting of around 40,000 catalog products as well as numerous special designs, the Schaeffler Group and its Industrial Division has the widest product range in the sector and is a renowned and reliable partner to industry all over the world. Our spectrum of bearing solutions ranges from rotary and linear bearings including tribology to the integration of sensors and drives and controls.

Customers from around 60 different industrial sectors rely on rolling and plain bearings, linear guides, and direct drives from the INA and FAG brands. Customer-oriented applications such as Heavy Industries, Production Machinery, Power Transmission and Railway as well as Consumer Products offer customers products for high machine availability, reducing overall weight and more compact system designs.

# PRODUCT CATALOGUE

We have always developed customer-specific, innovative solutions in the valves segment.

Operators of nuclear power plants put their trust in the reliability of our valves. Fossil fuel power plants, which need to be ever faster and need to start up and shut down in order to supplement renewable energies and thus require durable materials, rely on us, the shut-off specialists from Warstein.

We do not just adapt to changed conditions though – we shape the future.

State-of-the-art refuse incinerators, gas and steam combined cycle power plants, and biomass and hydraulic power plants achieve unprecedented levels of efficiency – due in part to support from **PERSTA**.

## ROSEMOUNT®

For over 45 years, **Rosemount** has been recognized as the world leader in the design and manufacture of instrumentation, including a complete line of pressure, temperature, flow, and level products. The base for Rosemount's success is a commitment to product quality and reliability in the most demanding industries environments.

Rosemount proudly provides the broadest array of pressure measurement products for pressure, flow, and level applications. Rosemount leverages years of industry knowledge and experience to offer increased plant efficiency and safety at lower installed cost. Whether your application is critical control, safety, or monitoring, there is a Rosemount pressure product that best meets your needs.
